Greatest of Care

Should be Exercised With
The Eyes.

Many cases have come to my notice
where people have been duped by men
here today and somewhere else tomorrow,
which fact leads me to advise all
persons needing attention given to
their eyes to submit their cases to the
resident Eye Specialist, who is known
to all and who is here all the time to
look after all his cases.

Very Respectfully,

J. T. Johnson.

AN IMPORTANT DECISION.

The Case Of Miss Charlotte Gorrell
vs. the Water Company.

About two years ago a destructive
fire swept away several business houses
on South Elm street. The fire com-
panies were powerless to combat with
the flames because there was no water
in the standpipe. Suit was brought
against the water company for dam-
ages by Miss Charlotte Gorrell and
the superior court held the company
to be liable. The case was carried to
the supreme court where it was argued
by Mr. A. L. Brooks for the plaintiff.
Yesterday that court handed down its
decision affirming the decision of the
court below. This point being settled
the case will now come back to the
superior court and be tried as to the
amount of damages.

This is a very important decision
and the effect of it will be watched
with interest not only in Greensboro,
but in other cities in the state. It fixes
a question that has heretofore been in
doubt.

THE CONCERT LAST NIGHT.

Time. Scalchi and Her Company at
the Normal College.

Notwithstanding the very disagreeable
weather and muddy streets, a very
good audience assembled in the Normal
College chapel last night to enjoy
the performance by the Scalchi Con-
cert and Operatic Co.

The concert was opened with a piano
solo by Mr. Walter Pack, musical di-
rector, followed by Signor Canzio
tenor. He pleased the audience and
responded to an encore.

Mlle. Noldi, soprano, appeared and
rendered a selection which was highly
appreciated. She sang "Comin'
Through the Rye" as an encore.

Mme. Scalchi appeared amid thun-
derous applause and delighted the
audience with her magnificent voice.
Signor Alberti was encored to the
echo, and the quartette capped the
climax.

The concert ended with the complete
performance of the fourth act of "Il
Trovatore" grand opera.

"A word to the wise is sufficient"
and a word from the wise should be
sufficient, but you ask, who are the
wise? Those who know. The oft-repeated
experience of trust-worthy persons may
be taken for knowledge. Mr. W. M.
Terry says Chamberlain's Cough
Remedy gives better satisfaction than
any other in the market. He has been
in the drug business at Elkton, Ky.,
for twelve years; has sold hundreds of
bottles of this remedy and nearly all
other cough medicines manufactured,
which shows conclusively that Cham-
berlain's is the most satisfactory to the
people, and is the best. For sale by

FEARFUL PHYSICAL CONDITION

Of The American Troops In The
Philippine Islands.

TRY TO END THEIR SUFFERINGS

By Throwing Themselves Before The
Enemy's Guns—Statement Of An
Army Physician.

By Wire to THE TELEGRAM.

Fort Worth, Tex., April 5.—Dr.
Charles V. Harris, of the medical de-
partment of the United States army,
passed through today enroute to
Washington on important business
connected with the war department.
He comes from the Philippines and
says that the reports sent out concern-
ing the excellent health of the
American troops on the islands are
false, and states that many soldiers,
disheartened at their fearful physical
condition, deliberately place them-
selves a fair target for the enemy's
guns.

It is the opinion of Dr. Harris that
if our troops remain in the Philippines
for any great length of time that much
sickness and death is sure to follow.

A LIVELY COMBAT.

Mr. P. S. Jeffries Has a Fight With
a Muscular Son of Ham.

Travelers on lower South Elm street
yesterday afternoon witnessed a royal
combat between Mr. M. S. Jeffries,
who conducts a grocery store just be-
yond the A. & Y. railroad crossing,
and a muscular negro man. The
negro was unloading a dray at Hiatt
& Lamb's, just in front of Mr. Jeff-
ries' place, and had his horse standing
across the stepping stones in the street,
making it impossible to cross the street
there without walking through the
mud. When a lady started across
and the Son of Ham showed no ineli-
cation to move, Mr. Jeffries called to
him to pull out of the way. The negro
refused and with an unmentionable
oath told Mr. Jeffries to address him
as a gentleman.

Mr. Jeffries stepped across the street
and the battle began. When several
blows had been exchanged, Mr. Jeff-
ries soaked the negro one on the
mouth, knocking him down and prob-
ably loosening a few of his more
prominent mastications. The other
principal blows were one received by
Mr. Jeffries on the nose and a second
one delivered by him and received be-
tween the negro's mouth and nose.
This proved to be a case of "open-
mouthed wonder" and the negro
began to show a willingness to quit.

When the fight had been on for
about five minutes, with rests and ex-
changes of compliments at frequent in-
tervals and both combatants were
bloody, they stopped. Mr. Jeffries re-
turning to his store and the negro to
his wagon.

Mayor Taylor will investigate as to
the merits and demerits of the case this
afternoon.

The county jail is packed almost to
suffocation just at present, there being

there since Monday. They are federal
prisoners.

THE RETURNING RALEIGH.

How She Helped Admiral Dewey in
the Great Naval Fight.

It seems strangely appropriate that
the ship that fired the first shot in the
battle of Manila should be the first one
of Admiral Dewey's victorious fleet to
return to the United States. The Ra-
leigh, Captain Joseph B. Coghlan, not
only opened battle on that famous
May 1st, but was in the thick of the
fight throughout.

The Raleigh was steaming along
third in line when the Spanish squad-
ron was sighted in the little bay of
Cavite. One of her 5-inch guns re-
turned a ready response to the Span-
iard's tardy salutation. Another shot
came from the Spanish shore batteries
and, as the American ships were on a
sharp lookout for the fleet, the Concord
placed a 6-inch shell so close to the
spot whence the enemy had fired that
it killed several of their gunners.

Our cruisers were in the following
order when the Spanish squadron was
sighted: Olympia, flagship; the Bal-
timore, the Raleigh, the Petrel, the Con-
cord and the Boston. They passed to
the northwest of Manila and were
holding to the South.

The Spanish squadron was inferior
to the attacking fleet, but its position,
under the protection of shore batteries,
gave it an equalizing strength. It is
estimated by all experts that one gun
mounted on shore is worth several
aboard ship. The shore gun has a
fixed platform and is, therefore, able
to fire with much greater accuracy.

On the third turn in the famous fight
the Raleigh was caught in a strong
crossing current and was carried very
close to the bows of the Spanish cru-
isers. The officers on the other Ameri-
can ships expected to see the Raleigh
go the bottom. The enemy's ships
seemed paralyzed. The Raleigh sent
in two raking fires before she steamed
back into place. It was on the third
turn, too, that the great duel between
the flagships took place.

When the American ships withdrew
after the first round, so that the men
might have an opportunity to rest and
eat breakfast, Captain Coghlan re-
ported to Commodore Dewey: "Out of
the jaws of death, out of the gates of
hell, and only a little smoky from the
trip."

In the second round, when the Bal-
timore headed for the Cristina and
Austria, the Olympia and Raleigh fol-
lowed her closely. The Cristina de-
stroyed, attention was turned to the
Austria. A shell from the Raleigh
struck the Spaniard's magazine and
exploded it. So terrific was the ex-
plosion that the flying fragments of the
cruiser tore away all the upper
works of the gunboat El Correo, which
lay beside her.

The fleet disposed of the American
vessels next turned their attention to
the batteries. There were some good
gunners in the Hitorios battery. One
of their shells smashed a whaleboat of
the Raleigh. It was not until the Ra-
leigh sailed in to about one thousand
yards and had killed six gunners that
the battery was silenced.

The Baltimore and the Raleigh the
day after the big fight went down the
bay and destroyed six batteries at the
entrance. The Spanish garrison had
seen enough of American marksmanship
the day before and took care to
keep out of the way.

The Raleigh, a sister of the Cin-
cinati, was launched at Norfolk in 1892.
She is a steel cruiser of the second-
class, with twin screws and two schoen-
er rigged masts, with military tops.
She is 300 feet long, 43 feet beam, 18
feet draught and has a tonnage of 3,183.
Her speed is 19 knots. She carries
vertical four cylinder triple expansion
engines and four double ended boilers.
Her deck is protected with armor
from one to two and one-half inches
thick, and she carries a cellulose belt.
The armor on her conning tower is
two inches thick and she has two in-
ches of steel in her spars.

She carries one 6-inch rapid fire
gun on her forecastle, ten 6-inch rapid
fire guns—two in the poop and four
on each side of the gun deck, in spon-
sons—eight 8 pound and four 1 pound
rapid fire guns, two Gatling machine
guns and six torpedo tubes. Her crew
numbers 195.—New York Herald, 2d.

One of the nearest lines of Oxford

difficult to procure a comfortable shoe

GERMANY WANTS INDEMNITY

From the United States and
Great Britain

FOR DAMAGE TO THE CONSULATE.

The United States Has Accepted the
Commission Proposed Upon the
Principle of Unanimity.

By Cable to THE TELEGRAM.

Berlin, April 5.—The German foreign
office has received England's accept-
ance of the proposal regarding the
joint Samoan commission. The United
States has accepted the proposal upon
the principle of unanimity, advocated
by Germany. England favors a major-
ity decision. Germany will demand in-
demnities and damage to the German
consulate by the Apian bombardment.
There is still disagreement as to the
personnel of the commission.

RECKLESS NAVIGATION.

Cause Of the Awful Disaster on the
Casquet Rocks.

London, April 5.—The Evening News
says evidence is accumulating tending
to show the reckless navigation of the
London and Southwestern railroad
steamer "Stella," which was wrecked
on the Casquet rocks. Mrs. Ay-
lett, a surviving passenger, says:
"The captain came into the cabin
smoking his pipe and began talking to
Dr. Davis. Winding up the conversa-
tion he said: 'I'll be there on time;
I'll get there by 5 o'clock if it breaks
my neck.' Capt. Reeks shut his eyes
and charged blindly through the fog
trusting to luck."

SWORD FOR FIGHTING BOB.

Crew of the Battleship Iowa Honor
Their Late Commander.

San Francisco, April 4.—The crew of
the battleship Iowa, now lying at this
port, have presented Captain Robley
D. Evans a handsome sword, accom-
panied by a fitting letter. The sword
bears the inscription:
"Presented to Captain Robley D.
Evans, U. S. N., by the crew of the
U. S. S. Iowa."

On the reverse are the words:
"To our hero—too just to take a fall-
en foe—we give this sword instead."
These words refer to Captain Evans' ac-
tion in declining to accept a Span-
ish captain's sword when it was offered
to him by the commander who was
brought on board the Iowa after the
battle of Santiago.

ACTION OF KAUTZ UPHELD.

The President Approves the Admiral's
Course in the Samoan Affair.

President McKinley fully sustains
the actions of Rear Admiral Kautz in
dealing with Samoan affairs. This
statement obtains significance from
statements in Berlin semi-official or-
gans that Ambassador White had ex-
pressed to the German government the
regret of his government over the con-
duct of Kautz. Mr. White was not so
instructed, but to say that the United
States regretted it being necessary for
American naval forces to engage in
hostilities.

Dr. Solt, the new president of Apia-
municipal council, called on the secre-
tary of state today. Secretary Hay
explained the position of this govern-
ment. It has been settled that a new
Samoan commission will go to Samoa
to conduct an investigation and will
probably be instructed to consider the
suggestion of division of Samoa
among the protectorate powers.

MIDNIGHT TRAGEDY IN KINSTON.

Well Known Citizen of La Grange
Fatally Wounded.

Kinston, N. C., April 4.—Last night
about midnight the family of G. W.
Hoffner were awakened by the rattling
of the blinds at the front of the house.
Mr. Hoffner, pistol in hand, went to
the front door, on which some one was
beating as if trying to enter. Mr.
Hoffner asked who was there. The
hall was dark, and some one attempted
seemingly to push by him. Hoffman
fired, the bullet striking the intruder
in the region of the heart. The wound-
ed man, who was in an intoxicated
condition, was taken to the residence
of Mr. John C. Wooten, near by, and
physicians were summoned. He proved
to be Council Joyner, a well known
citizen of La Grange. Although all
was done for him that friends and
physicians could do, he died this
morning about 10 o'clock.

It appears that Joyner was seeking
the home of Mr. Wooten when he
knocked, but had missed it. The cor-
oner's jury exonerated Mr. Hoffner,
for whom, as well as well for the de-
ceased's family, much sympathy is
felt.

Delay Is Dangerous.

This morning we had a conversa-
tion with three men from Wilson
county concerning newspapers. They
were men whose ages were between 30
and 50 years, and they said that they
were unable to read and write. This
prompted the question as to what they
thought of the proposed Constitutional
Amendment, and the answer they gave
was: "We are against it, for it will
keep the white man who can't read or
write from voting."

Further inquiry revealed the fact
that such information had been given
them, and was being scattered right
and left in the country. We took
pains to show them that they had been
imposed on, and changed their minds
as to how they would vote.

Delay is dangerous. Every possible
means should be taken to get a clear
idea of the amendment before the peo-
ple in all parts of the state. In Wil-
son county we call upon the leaders
and champions of democracy to bestir
themselves at once.—Wilson News.

It is now authoritatively reported that General Joe Wheeler has expressed a desire to enter active service in the Philippines and that President McKinley has assured him that he will be at once appointed a brigadier general in the regular army and be sent to the islands. Thus is thwarted the old reb's oft-expressed determination to die with his boots on.

BRIEF LOCAL MATTERS.

Chorus practice tomorrow night at
Brockmann's Hall. Let all be there.
R. L. Mitchell left this morning for
Asheville to take charge of the Press-
ing club there.

Greensboro has a new firm. See
Pressing Club's new ad; it will save
you some money.

The Odell Hardware Company ad-
vertises Gypsine, a new wall finish, in
their space today.

Gun metal, gold trimmed watchfob
the very latest "agony," at Kauf-
mann's, under the Benbow.

Miss Lavie Evans, of Reidsville,
who has been visiting Miss Daisy
Carraway, returned home today.

Mr. Gamble, of J. M. Hendrix &
Co., returned at noon from Summ-
erfield where he has been spending
Easter.

Mr. and Mrs. J. T. Brame passed
through the city today returning to
their home in Winston from Trinity
where they have been visiting relatives.

Dr. John C. Kilgo, president of
Trinity College, is spending the after-
noon in the city. He will leave to-
night for South Carolina, in which
state he will deliver a series of lectures
in the interest of the Twentieth Century
Fund.

The Lehigh baseball team passed
through the city last night enroute to
Bethlehem Pa., where their college is
located. They were scheduled to play
Trinity College team in Durham yester-
day afternoon, but on account of the
ground being too wet was called
off.

Perkins & Hall, the wide awake
managers of the McAdoo house, con-
tinue to make improvements in the in-
terior of the hotel. This time they are
making the main entrance and office
more attractive by papering the walls.
They opened a new register this morn-
ing.

J. M. Hendrix & Company, the pop-
ular and progressive cash dry goods
and shoe dealers, have two ads in the
Telegram today—their regular space
on first page and a special double col-
umn space on fourth page. Special
ads in both spaces. Ladies, read
them.

E. M. Caldolegh & Brother, the
largest china and crockery dealers in
the state, now have the largest trade
in the history of their establishment.
The stock at their china palace was
never larger and is a satisfaction and
pride to the citizens of the city and the
general trading public.

Ladies' ready-to-wear shirt waists in
Percale, Dimity and Welts, from 30c
to \$1.25, just received at Thacker &
Brockmann's.

Dr. Tracy—The River of Death.

The lecture delivered at the academy
of music last night by Dr. N. W.
Tracy, the Kentucky Gospel Temper-
ance Evangelist, on the subject, "The
Mississippi of Intemperance," is no
doubt the most eloquent and effective
address delivered by this famous tem-
perance lecturer. Not a soul present
could fail to grasp the thought, no one
could fail to see the folly and dispar-
which follows when one takes a pull
out upon Treat Creek, Beer river,
Wine lake or Blood river. It would
be a useless task to describe the word
and canvas paintings of this great
lecture.

Two tributaries have been taken out
of this River of Sin, and those who
have not been able to attend last night
will be able to see Bitters Creek and
Beer River illustrated on Thursday
night at the academy of music.

Discovered by a Woman

Another great discovery has been
made, and that too, by a lady in this
country. Disease fastened its clutches
upon her and for seven years she with-
stood its severest tests, but her vital
organs were undermined and death
seemed imminent. For three months
she coughed incessantly, and could
not sleep. She finally discovered a
way to recovery by purchasing of us
a bottle of Dr. King's New Discovery
for consumption, and was so much
relieved on taking first dose that she
slept all night; and with two bottles
has been absolutely cured. Her name
is Mrs. Luther Lutz. Thus writes
W. C. Hammick & Co., of Shelby, N. C.
Trial bottles free at C. E. Hol-
ton's drug store. Regular size 50 cents
and \$1.00. Every bottle guaranteed.

Yellow Jaundice Cured

Suffering humanity should be sup-
plied with every means possible for its
relief. It is with pleasure we publish
the following: "This is to certify that
I was a terrible sufferer from yellow
jaundice for over six months, and was
treated by some of the best physicians
in our city and all to no avail. Dr.
Bell, our druggist, recommended
Electric Bitters; and after taking two
bottles I was entirely cured. I now
take great pleasure in recommending
them to any person suffering from
this terrible malady. I am gratefully
yours. M. A. Hogarty, Lexington, Ky."

Shrier's First Offerings.

We take pleasure this season in presenting for your consideration what
we consider the finest assortment of Form-Fitting Shoes for men and ladies,
misses and children, ever shown in Greensboro.

Our lines for Spring are now complete and only await the prestige of
your approval.

Every new idea in quality and finish, ease and comfort, grace of style
and excellence of workmanship are embodied in this season's production.

Owing to our central location and the nominal expense required to
conduct our business, we are enabled to sell our goods 25 per cent cheaper
than any house in Greensboro, quality and make considered.

The question where to buy good and reliable goods at the right price is
a very important one. We feel if you call on us, we can answer the question
to your entire satisfaction, and make a lasting impression besides.

Do not be deluded by the thought that the assortments in the large
cities are greater. True, the quantity is greater, but the assortment is no
better, and the price is correspondingly higher, owing to the increased
expense.

Kindly call on us at your earliest convenience and allow us to prove
to you that these statements are true.
